

Support Groups

find help - find hope - find support

All support groups are FREE, peer-led, and open to the public!

Family Support Groups are open to any family, friend or loved one of an individual living with a mental health or co-occurring diagnosis. **Connection Support Groups** are open to any individual living with a mental health or co-occurring diagnosis. Some groups are designated for **Youth & Young Adults**.

Contact the Affiliate office associated with the meeting for the link to join or visit our website:

NAMI Connection Recovery Support Groups are free, peer-led, virtual support groups where individuals working to manage their mental health can share and learn from others in similar situations. Connection meetings are a great source for support, informal guidance, and coping strategies. All meetings are anonymous and confidential. Meetings take place virtually and are open to anyone in the state working to manage their mental health.
